

NOMINATION FORM

Instructions

The National Cowgirl Museum and Hall of Fame honors and celebrates women, past and present, whose lives and relationships with and around horses, nationally and internationally, exemplify the courage, resilience, and independence that also helped shape the West.

To be considered for induction to the Hall of Fame, a NOMINATION FORM must be completed for each nominee. Instructions contained on this form must be followed or your nomination will be returned.

General Criteria

Nominees may be contemporary or historical. It is not necessary for them to be citizens of the United States, but the nomination must be written in English. Their contribution(s) should be of **national or international importance and of enduring value.**

Important: Please see our Nomination and Induction Information page located on our website before completing your nomination as many common questions are addressed.

Please carefully consider the following:

- Completed forms **must be post-marked by August 15** of each calendar year to be considered for the following year's induction.
- Nomination forms and supporting materials must be submitted UNBOUND on traditional letter size paper (8.5" x 11"). Please do not send any three-ring binders or over-sized items.
- If the nomination form is formally accepted, your candidate officially becomes a NOMINEE of the Hall of Fame. The nomination will be filed in the National Cowgirl Museum and Hall of Fame archives, reviewed during the induction selection process, and made available for researchers throughout the year.
- All materials sent with a nomination packet are permanent donations to the National Cowgirl Museum and Hall of Fame and are not returned.
- If you are in doubt regarding certain information, state best-known facts and identify with a (?) following the unverifiable information listed.
- If additional space is needed, please add pages.
- In addition to completing the nomination form, three letters of support provided by professionals in the field are required for a nomination packet to proceed through each committee. They need to address how the nominee has influenced her field on a **national or international level.**

- Additional materials such as news clippings, articles, photographs, letters of and other relevant reference materials are encouraged. Items received and accepted as a potential candidate or as a subject file will be considered permanent donations to the Museum. If duplicate or repetitive information is received, it will not be used in consideration.
- You will receive an acknowledgment of materials letter when the nomination packet is delivered to us. Within eight months, we will notify you with an acceptance or rejection of the nominee. With a rejection, the nomination materials submitted will be returned to you.
- **Persons nominated should be cognizant of the fact that any information listed will be made accessible to the public or media.**
